Steve - FYI. I put my request for the additional RA \$\$\$ for OU-01 @ VB / I-70 to Dianna yesterday and she put a message on my desk that I couldn't ask for RA \$\$\$ for a project that was "already complete." I was on my way to speak with you about it but I ran into Russ 1st and spoke with him. I told him that you had already discussed with HQ and they were fine with continuing the RA and not calling it a new start that would have to go before the priority panel. He said that he would bring it up in a budget discussion with HQ tomorrow and let me know what Richard Jeng said.
